The Faculty of Radiologists was a society formed in 1939 to encourage the study and improve the practice of radiology. The Faculty of Radiologists became the Royal College of Radiologists in 1975.

Fellowship of the College is a higher radiological qualification obtained by examination. An examination for the Fellowship is conducted twice a year by the Education Board.

Scientific meetings are held during the Academic Year from October to June. Particulars of membership, etc. may be obtained from the Secretary.

Clinical Radiology: The Journal of the Royal College of Radiologists is published six times per year, in January, March, May, July, September and November. *Subscription* to non-members £18.00 ($40.00) a year, including postage, payable in advance. Single copies £3.50 ($8.00). *Binding* cases (cloth with gilt lettering) for all Volumes may be obtained from the Publishers, who will also undertake the binding if required.
